## InGround Pool Pump

*Energy Efficient*

### ***Best in Class! – Energy Efficient, Quiet & Dependable!***

AquaGuard's ECO series energy efficient professional pool pump is perfect for demanding high-capacity applications. This innovative line of pool pumps will be the answer you are looking for, providing powerful, high efficiency, quiet operation with EZ-Access features you will love! Delivers ideal performance for any size pool or pool and spa combination and is built to last.

- The high efficiency motor delivers maximum energy savings with “best in class” hydraulic performance
- Available in single-speed and two-speed motors
- Rugged, glass-filled, reinforced thermoplastic construction for long life
- EZ-View quick-lock lid makes cleaning a snap
- Offers high water flow with low electricity consumption, saves up to 70% in energy savings with two-speed pump technology

# InGround Pool Pump

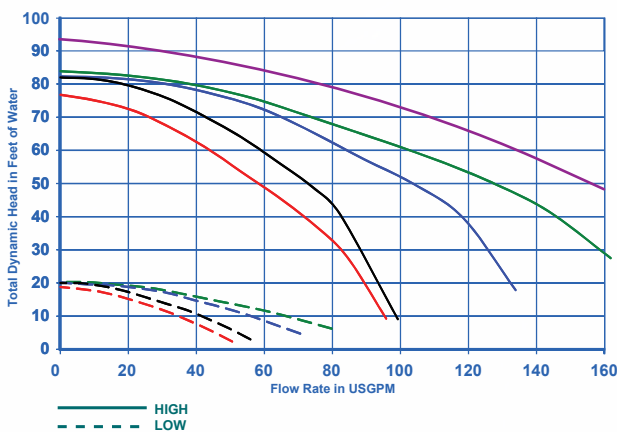

Setting a new standard for the industry!

Mechanical seal designed with premium resin impregnated carbon, rotating against a silicone carbide seat with Viton®\* elastomers to deliver exceptional chemical resistance universally compatible NPT setup for hassle-free installation and repairs

Model#	HP	Volts	Amps	RPM	Service Factor
<b>Single Speed Models</b>					
AG100U	1	115/208-230V	11.0/5.9/5.5	3450	1.24
AG150U	1.5	115/208-230V	14.0/7.6/7.0	3450	1.10
AG200U	2	115/208-230V	17.6/9.6/8.8	3450	1.13
<b>2-Speed Models</b>					
AG250U	1	115V	12/4.5	3450/1725	1.24
AG2SP15U	1.5	230V	7.2/2.7	3450/1725	1.10

## Performance You Can See

## Includes Protektor

Anti-entrapment device, provides necessary safety to prevent hair, limb, and mechanical suction entrapment.

Diverts the flow of water into multiple levels avoiding the formation of a vortex.

Helps mitigate the hazard(s) due to DHDF (differential hold down forces), especially incorrectly installed suction outlet systems.
