POOL SYSTEMS

InGround Pool D.E. Filters

Cartridge Convenience with D.E. Crystal Clear Water!

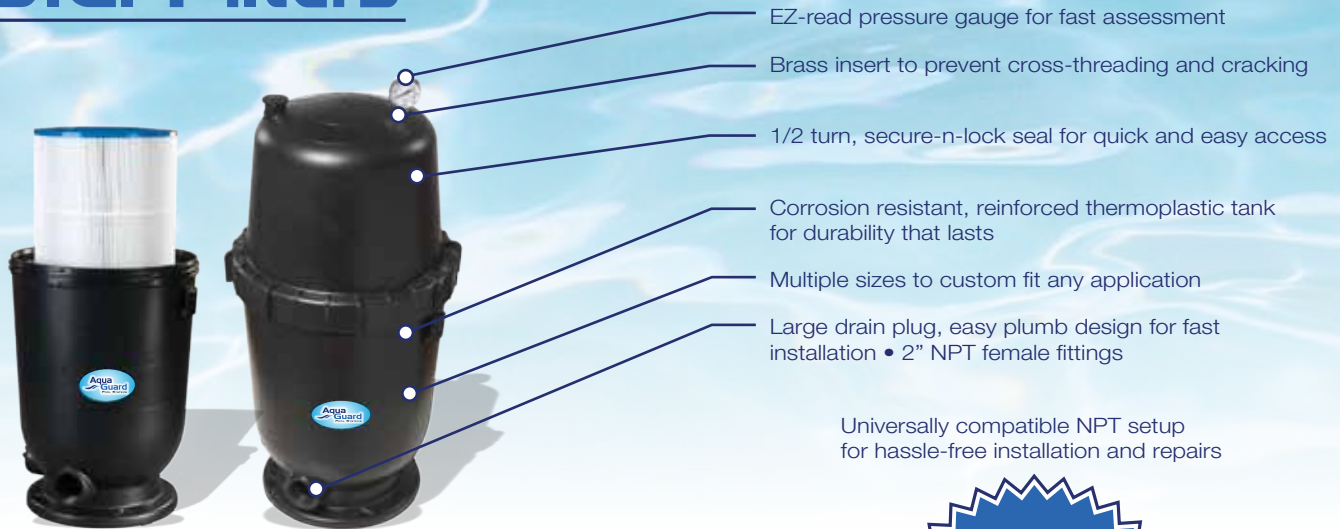

Our ECO series of highly effective D.E. Cartridge filters will clean your pool down to 5 microns. The compact design, along with maximum filtering capability, will reduce maintenance time and make your equipment pad look sharp! AquaGuard's advantage is our superior design – maximum hydraulic flow working in unison with the filter element for efficient performance.

- Sparkling water clarity and easy cleaning features with the removable D.E. cartridge
- Durability and long life with the corrosion resistant, reinforced thermoplastic tank
- Maintenance will be fast! Our quick Secure-N-Lock seal and large drain plug provide easy access and quick maintenance

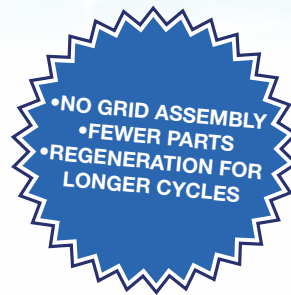

InGround Pool D.E. Filters

Setting a new standard for the industry!

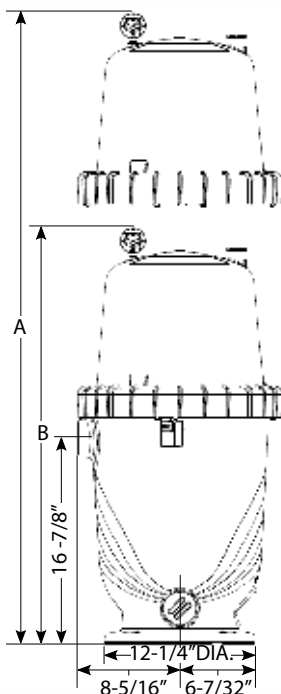

Universally compatible NPT setup for hassle-free installation and repairs

Dirt Never Had a Chance

Set it and forget it! Our environmentally friendly cartridge style D.E. filters will provide maximum dirt and debris removal, with very little maintenance
